Looking for LED Lighting for your Canopy?

Or LED Lights to replace your Reach-in Cooler Lighting?

Interested in Upgrading to Efficient , Quicker-Pumping Motors?

Looking to Upgrade your sign lighting?

Now You Can!

With little to NO UPFRONT COSTS to you!

Using Incentive Money available to you through the Connecticut Energy Efficiency Fund (CEEF) and through our relationship with the utility companies who manage it,

We can get you a **40-50% Incentive** for the total project cost, **PLUS** have the remaining balance carried out over 36 months with a true **zero-percent financing** loan.

This means you are usually cash neutral or Cash positive each month until the loan is paid off.

Efficient Lighting & Maintenance (EL&M) has been helping Gas Station retailers save money on their electricity bills since 1981 and is proud to be a member of both the Petroleum Equipment Institute and the Gasoline & Automotive Service Dealers of America.
